

# GRABER.

## Grabber Wood & Composite Shutters US Price List — Effective February 2020

### Wood Shutters Base Pricing

Frame Type	Price (per square foot)	
	Painted	Stained
Hang Strip, Direct Mount	61.00	68.08
L-Frames, Sidelight Frame	62.71	69.88
Deco Frames, Z-Frames, Tilt-Out Z-Frame	63.85	71.03
Bifold/Bypass Track Systems*	65.77	71.58

### Wood Specialty Shutters Surcharges

How to calculate specialty retail price: Calculate overall square footage of the specialty shutter; then multiply the base price of the frame type chosen, and add the surcharge from chart below. For quarter arches, quarter arch panels, all angles, and any arch or angle panel configuration with a T-post, round up width and height to whole number before calculating square foot value.

	Frameless, Hang Strip, Direct Mount	L-Frame	Deco Frame	Z-Frame
Sunburst Arches	500	575	625	625
Quarter Sunburst Arches	500	575	625	625
Arched Panel Shutters	500	575	625	625
Angled Panel Shutters	500	575	625	625

### Additional Surcharges

Astragal	No charge
Bifold or Bypass Box-Out (outside mount only)*	15%
Bifold or Bypass Stack Back*	5%
Bypass Decorative Valance	No charge
Café Aligning Catch	No charge
Café Shutter with 4-Sided Frame	5%
Custom Color (net fee per color per order)	149 net
Double Hung	15%
French Door Cut-out**	500
Hide-A-Tilt™ Bar	10%
Stainless Steel Hinge	5%
Valance Keystones (when requested without a splice)	22
Wood Corner Post and Bay Post	61.25
Wood Sill Cap	10%

\* Calculate the overall square footage of the bypass or bifold panels. Use the overall square footage to calculate the surcharge for the box-out or stack back surcharge.

\*\* Calculate the overall square footage of the French Door panel using the L-Frame price; then add the surcharge.

NOTE: 1/4" arches, 1/4" arch panels, all angles, and any arch or angle panel configuration with a T-post will be made in Asia.

## Composite Shutters Pricing
