Multiple Blinds on One Headrail (no charge to right of heavy line)	44

* Cordless lift blinds are available in the thin outlined area above; multiple blinds on one headrail are required for cordless lift blinds over 63" (160.1 cm) wide.

Cordless lift maximum height is 72" (182.9 cm).

NOTE: Due to weight limitations, blinds to right of heavy line will be manufactured as multiple blinds on one headrail.

NOTE: Single blinds over 43 square feet (3.99 square meters) will be heavy and difficult to lift and may have light gaps toward the bottom of the blind.

NOTE: Majestic valance is recommended with 2 1/2" (6.4 cm) blinds or cordless lift for better headrail coverage.
