DRAPERY HARDWARE COLLECTION

An Enduring LEGACY

From its humble beginning as the creator of the “Badger Crane” in 1939, Graber has evolved into one of the leading drapery hardware manufacturers of the 21st century. The Graber family founded the company on principles of quality and innovation. That simple approach lives on today.

A Commitment to QUALITY

Our commitment to quality is steeped in tradition. Whether it’s inspiration you seek or innovation you crave, energize your creative spirit with the Drapery Hardware Collection.

GRABER NOBILITY COLLECTION™

Turn a simple window into a sensational one! Elegantly traditional or classically casual, the Nobility Collection enhances the décor of any room with beautiful designs made exclusively for Graber.

Transform windows into unique works of art – choose the dramatic antique gold finish, the distinctive soft silver finish, the timeless stone finish, or one of several combination specialty finishes.

Finials are designed to be used with multiple pole diameters – converter rings are provided with each finial to increase their versatility.

D-profile poles are flat on the back to prevent soft window treatments from twisting and turning on pole.

Stylish cap finials are a perfect solution when space is at a premium.

Swivel brackets are easy to install – just screw plate to wall, screw in bracket, and swivel to correct upright position.
