### PLEASE NOTE:

Photos and illustrations are for inspiration only.  
Not all product configurations are available in all countries.

Window blind cords are a strangulation hazard for young children. Consult your dealer or store associate for cordless products, or products with inaccessible cords. Remove this product immediately if a cord longer than 22 cm, or a loop exceeding 44 cm, becomes accessible.

### VEUILLEZ NOTER :

Les photos et les illustrations ne sont offertes qu'à titre d'inspiration. Toutes les configurations de produits ne sont pas disponibles dans tous les pays.

Les cordons pour store de fenêtre représentent un risque d'étranglement pour les jeunes enfants. Consultez votre dépositaire ou un associé de magasin pour des produits sans cordon ou des produits dont les cordons ne sont pas accessibles.

Retirez ce produit immédiatement si un cordon mesurant plus de 22 cm de longueur ou une boucle dépassant 44 cm deviennent accessibles.

## Features

### Layered Shades

- Dual layers of horizontal fabric segments alternating between sheer and semi-opaque or opaque fabric
- When open and the vanes are aligned, light filters through the sheer fabric
- Shades control the amount of incoming light and the view-through with the shade partially raised or lowered

Features	Benefits
Motorized Lift	<ul style="list-style-type: none"> <li>• Window treatments can be operated from virtually anywhere in the home</li> <li>• Easily operate hard-to-reach or large window coverings</li> <li>• Operate multiple window treatments simultaneously or individually</li> <li>• Choose from six hem bar colors <ul style="list-style-type: none"> <li>• Hem bar color selected is also used for cassette end caps</li> </ul> </li> </ul>
UltraLite Cordless Lift	<ul style="list-style-type: none"> <li>• Cordless design allows you to precisely place your shade the first time every time</li> <li>• UltraLite system and seamless fabric means whisper-quiet performance</li> <li>• Lift and lower your layered shade with a feather light touch</li> <li>• Flawless performance and provide a safe environment for kids and pets</li> <li>• Choose from six hem bar colors <ul style="list-style-type: none"> <li>• Hem bar color selected is also used for cassette end caps</li> </ul> </li> </ul>
Continuous Loop Lift (U.S. ONLY)	<ul style="list-style-type: none"> <li>• Cord and clutch system makes raising and lowering shade easy</li> <li>• Cord remains at same length, regardless of shade position</li> <li>• Choose left or right cord location</li> <li>• Color coordinated cords</li> <li>• Choose from six hem bar colors <ul style="list-style-type: none"> <li>• Hem bar color selected is also used for cassette end caps and cord guide</li> </ul> </li> </ul>
Enclosed Loop Lift (Canada ONLY)	<ul style="list-style-type: none"> <li>• Set and secure shade in any position</li> <li>• Choose left or right lift location</li> <li>• Three loop cover options to coordinate with your desired style</li> <li>• Choose from six hem bar colors <ul style="list-style-type: none"> <li>• Hem bar color selected is also used for cassette end caps</li> </ul> </li> </ul>
Fabric-Wrapped Cassette	<ul style="list-style-type: none"> <li>• Fabric-wrapped cassette (standard) creates a cohesive appearance in the window</li> <li>• Now comes in 3 sizes and 2 profiles (round and square) to enable you to have shades for your desired sized windows.</li> </ul> <p>Sizes are: Small (Continuous Loop and Enclosed Loop Lift and Motorization Only), Medium, and Large (Cordless Only)</p>
Warranty	<ul style="list-style-type: none"> <li>• Limited lifetime warranty and five-year warranty on motorization components</li> </ul>

**NOTE:** All fabric composition consists of 100% polyester except Coastal Ridge (64.4% Polyester, 35.6% Rayon) and Linen Dream (94.2% Polyester, 5.8% Linen).

## Features

### Light Control and Privacy

**Sheer:** Allows the most amount of light into the room for a minimum amount of privacy and a view to the outside. Objects in the room can be seen quite clearly through shades.

**Privacy level:** moderate

**Light Filtering\*:** Allows light to gently filter through and provides privacy. Images and shapes may be seen through these shades, but details are not visible. Deep fabric colors provide moderate light control, while light colors provide lower light control. **Privacy level:** moderate

\*These fabrics are translucent and their colors may be influenced by changing light conditions. Colors may appear to vary depending upon the time of day and type of lighting, as well as whether the shade is partially or fully lowered. For side-by-side layered shades, request stripe alignment at the time of order

**Room Darkening\*:** Allows some light to filter into the room and provides privacy. Objects in a lit room seen through these shades appear as vague shapes. Deep fabric colors darken a room; light colors filter and diffuse bright sunlight.

**Privacy level:** complete

**Light Gaps:** For optimal light and glare control, outside mount is recommended, or you may add a secondary soft window treatment (drapery or curtain) to hide the light gap on an inside mount. **Privacy level:** moderate

### Fabric Recommendations

Order all shades for the same room at the same time to ensure color consistency and to minimize dye lot variation. For side-by-side layered shades, request stripe alignment. Stripes can be aligned to within ¼".

**NOTE:** Shades must be ordered at the same time with the same fabric style and height.

### Light Gap

The fabric width is narrower than the finished shade width of the tube and its components. See chart below for light gap.

	Control End	Idle End
Control Type	Inside Mount (inches)	Inside Mount (inches)
Continuous Loop Lift (U.S. Only)	1	¾
Enclosed Loop Lift (Canada Only)	1	¾
UltraLite Cordless	1 ⅛	1 ⅛
Motorized Lift	1 ⅛	¾

Inside Mount Light Gap  
Refer to Light Gap Chart

### Fabric Disclaimers

Due to the nature of the weaving process, some imperfections in the weave are normal. Fabric appearance can vary based on changing light conditions in the room.

### Cleaning and Care Information

Regular light dusting with a feather duster, vacuum with low suction, or a hairdryer on a cool temperature.

### Fabric Certifications

**Oeko-Tex® Standard 100** certifies that our fabrics are free of PVC, halogen, lead, formaldehyde, allergenic dyes, pesticides, phenols, heavy metals, and meet all VOC content limits.

# Size Considerations

## Mounting Depth Illustrations

The following diagram illustrates the mounting depth requirements for shades mounted inside window casements.

Continuous Loop, Enclosed Loop, and Motorized Lift includes small cassettes.

Cordless Lift includes Medium and Large cassettes.

**NOTE:** Cassette sizes are determined by lift system and specific fabric requirements.

### Small Square Cassette (Continuous Loop, Enclosed Loop, and Motorized Lift Only)

Minimum Mounting Depth	1 3/8"
Flush Mount Depth	3 5/8"

### Medium Square Cassette (Cordless Only)

Minimum Mounting Depth	1 1/4"
Flush Mount Depth	4 1/4"

### Large Square Cassette (Cordless Only)

Minimum Mounting Depth	1 3/8"
Flush Mount Depth	5 1/2"

## Size Considerations

### Mounting Depth Illustrations

The following diagram illustrates the mounting depth requirements for shades mounted inside window casements.

Continuous Loop, Enclosed Loop, and Motorized Lift include small cassettes.

Cordless Lift includes Medium and Large cassettes.

NOTE: Cassette sizes are determined by lift system and specific fabric requirements.

### Small Round Cassette (Continuous Loop, Enclosed Loop, and Motorized Lift Only)

Minimum Mounting Depth	1 3/8"
Flush Mount Depth	3 5/8"

### Medium Round Cassette (Cordless Only)

Minimum Mounting Depth	1 1/4"
Flush Mount Depth	4 1/4"

### Large Round Cassette (Cordless Only)

Minimum Mounting Depth	1 1/4"
Flush Mount Depth	5 1/2"

# Size Considerations

## Maximum Shade Size: Continuous Loop and Enclosed Loop Lift

**NOTE:** Shaded areas are available for order.

Minimum width: 12"

Minimum length: 12" all control types

For sizes within the next size break, please reach out to customer service or enter order into ordering system to confirm if size if available to order.

## Options

### Shade Options (for surcharges and pricing refer to price charts)

Below is a list of options for layered shades. All options are available in all styles and colors. See detailed descriptions on the following pages.

#### Control Type Options

- Continuous Loop Lift (U.S. ONLY)
- Enclosed Loop Lift (Canada ONLY)
- Motorized lift (see motorization product information guide)

#### Shade Options—No Charge

- Bay and corner windows
- Shroud length (must specify different length)
- Lift location
- Projection brackets 3¼" and 4"
  - 3¼" projection brackets add up to 2⅛" extension from wall
  - 4" projection brackets add up to 2⅞" extension from wall

#### Shade Options—Surcharge

- UltraLite Cordless Lift
- Motorization (see motorization product information guide)
- Palladian window shelf (see cornice, valance, and palladian window shelf product information guide)

#### Cassette Profiles—No Surcharge

- Round
- Square

### Projection Brackets

- **No charge**
- Available for all lift systems
- Two sizes: 3¼" and 4"
- 3¼" projection brackets add up to 2⅛" extension from wall
- 4" projection brackets add up to 2⅞" extension from wall

## Options

### Motorized Lift

- See motorization product information guide for accessories, additional options, sizing, and pricing
- In the down position, the shade will be closed
- Allows for easy operation of hard-to-reach or large window coverings
- Efficiently manages energy (heat gain and loss)
- Motorized shades are cordless and a safer choice for homes with children or pets
- Low-voltage motorization requires no costly electrical hardwiring
- Available with various power and control options; refer to the motorization product information guide for available options
- Motor located on the left or right side; standard on the right
- Window treatments can be operated from virtually anywhere in the home
- Easily operate hard-to-reach or large window coverings
- Operate multiple window treatments simultaneously or individually
- Outside mount is recommended for maximum light control

**NOTE:** Motorization components and accessories have a five-year limited warranty, excluding batteries.

### UltraLite Cordless Lift

- For surcharge, see price charts
- Cordless design allows you to precisely place your shade the first time every time
- UltraLite system and seamless fabric means whisper-quiet performance
- Lift and lower your layered shade with a feather light touch
- Flawless performance and provide a safe environment for kids and pets
- Choose from six colors of hem bar
  - Hem bar color selected is also used for cassette end caps
- Shade is spring loaded on each end and will self-center when installed
- Outside mount is recommended for maximum light control

## Options

### Continuous Loop Lift (U.S. ONLY)

- **Standard**
- Cord loop and clutch system makes raising and lowering shade easy
- Special cord loop length must be requested at time of order
- Cord remains at same length regardless of shade position
- Color coordinated cord loop and cord guide
- Safety cord guide provides the ability to keep the cord out of the reach of children and pets to enhance safety
- Choose left or right cord location
- Outside mount is recommended for maximum light control

**NOTE:** Cord tensioner must be installed to operate shade

### Enclosed Loop Lift (Canada ONLY)

- Smooth and simple operation
- Set and secure shade in any position
- Simply hold button of the direction you wish shade to move on handle, then pull handle down the length of the cord-cover to change shade position
- Elegant, appearance without long, dangling cords
- Increased safety for children and pets
- Available in a full range of sizes for any window: 18, 24, 36, 48, 60, 72, 84 inches
- Cover available in White, Cream and Gray
- Outside mount is recommended for maximum light control

**NOTE:** Enclosed Loop Lift must be installed to operate shade

#### Shade Operation

- To raise your shade using the enclosed loop lift system, move the plastic grip (A) to the top of the loop cover (B). Hold down the up-arrow button (C), while simultaneously pulling the grip down. Once at the bottom, release the button, reset the grip at the top and repeat as necessary.
- To lower your shade, hold the down-arrow button (D) and follow the same instructions.
- Be sure to only push one button at a time.

# Options

## Corner Windows

Shades on Corner Windows

- **No charge**
- Made as individual shades
- Each shade will have its own control; we recommend opposite corners
- Indicate for each shade whether butt or bypass
- Bypass shade is mounted into the corner; butt shade is butted to the other shade
- Manufacturer will take appropriate deductions for proper fit; DO NOT order as a corner shade if you do not want manufacturer to take deductions

### Measuring Information

#### Mounting on a Wall or Molding:

Measure the width of each window from the corner on the mounting surface (molding or wall) to the point you would like to cover.

#### Mounting Above the Molding:

Measure the width of each window from the corner on the mounting surface to the point you would like to cover.

Projection measurement is the distance needed to clear any molding or obstructions that the shade will be mounted above.

**NOTE:** The projection (P) distance is needed to correctly calculate deductions for installations where the shades will use shims or projection brackets to clear molding. All projection distances must match for correct deductions to be calculated.

## Adjacent Shadings

To cover wide window openings, shadings may be installed adjacently so ends of the cassette headrail touch. The gap between the fabric panels of the adjacent shadings varies according to the control placement as shown in the table.

Control Placement for Adjacent Shades				
Control Placement		Gap		
Left Shade Control	Right Shade Control	Continuous Loop Lift (inches)	Enclosed Loop Lift (inches)	UltraLite Cordless Lift (inches)
Right	Right	1¾	1¾	1
Left	Left	1¾	1¾	1
Right	Left	2	2	1
Left	Right	1½	1½	1

### Side-by-Side Alignment

Stripe alignment to within ¼" is available upon request only for shades ordered at the same time with the same fabric color and height. Add note in special instructions. To ensure best results, the combined shade width should be 102" or less.

# Options

## Bay Windows

Shades on Bay Windows

- **No charge**
- Made as individual shades
- Each section will have its own control
- Manufacturer will take appropriate deductions for proper fit; **DO NOT** order as a bay window shade if you do not want manufacturer to take deductions

### Measuring Information: Three-Sided Bay Window

**Measure:**  
**L and R:**

Width of each side window from the corners on the mounting surface to the point you would like to cover.

**C1:**

Width of the center window on the mounting surface from corner to corner.

**Angle L-C1:**  
**Angle C1-R:**  
**Projection:**

Angle between the (L) and (C1) windows.  
Angle between the (C1) and (R) windows.  
If needed: the depth of the trim or molding the shade will be mounted above.

### Measuring Information: Four-Sided Bay Window

**L and R:**

Width of each side window from the corners on the mounting surface to the point you would like to cover.

**C1, C2:**

Width of each center window on the mounting surface from corner to corner.

**Angle L-C1:**  
**Angle C1-C2:**  
**Angle C2-R:**  
**Projection (P):**

Angle between the (L) and (C1) windows.  
Angle between the (C1) and (C2) windows.  
Angle between the (C2) and (R) windows.  
If needed: the depth of the trim or molding the shade will be mounted above.

**NOTE:** The projection (P) distance is needed to correctly calculate deductions for installations where the shades will use shims or projection brackets to clear trim or molding. All projection distances must match for correct deductions to be calculated. For additional windows on bays with up to five sides continue with number progression for center shade sizes (C1, C2, C3, ...) and angles (angle C1-C2, angle C2-C3, ...) as needed. Measure each bay angle using a protractor or angle finder or use two business cards in each bay corner as illustrated above, trace on paper, and fax to customer service.

**The angle to use between adjacent center bay windows along a straight section of wall is 180° (degrees).**

## General Information

### Shade Operation

Light is controlled with layers of fabric alternating between sheer and semi-opaque or opaque horizontal fabric stripes.

### Open View

Align the opaque stripes to filter light and provide a view to the outside.
