Special Notes:

- Control options: standard controls only (L tilt-R pull). 2" blind will have center tilt only , if less than 13". 2.5" blinds may have both lift and tilt on certain sizes
- Valance return options: Semi-inside mount 3/4" returns and OM 3 9/16" (for 2.5")/3 1/16" (for 2") returns are included with every blind. All returns are mitered cut and are included in the package. Once "Exact Length (surchargeable option) is selected, custom valance returns are available. Please specify the size.
- Valance/Common valance can be either mitered or flush cut. Flush cut carries a surcharge.
- It may cause further delay if the order is not within the program specs.
