Features & Benefits

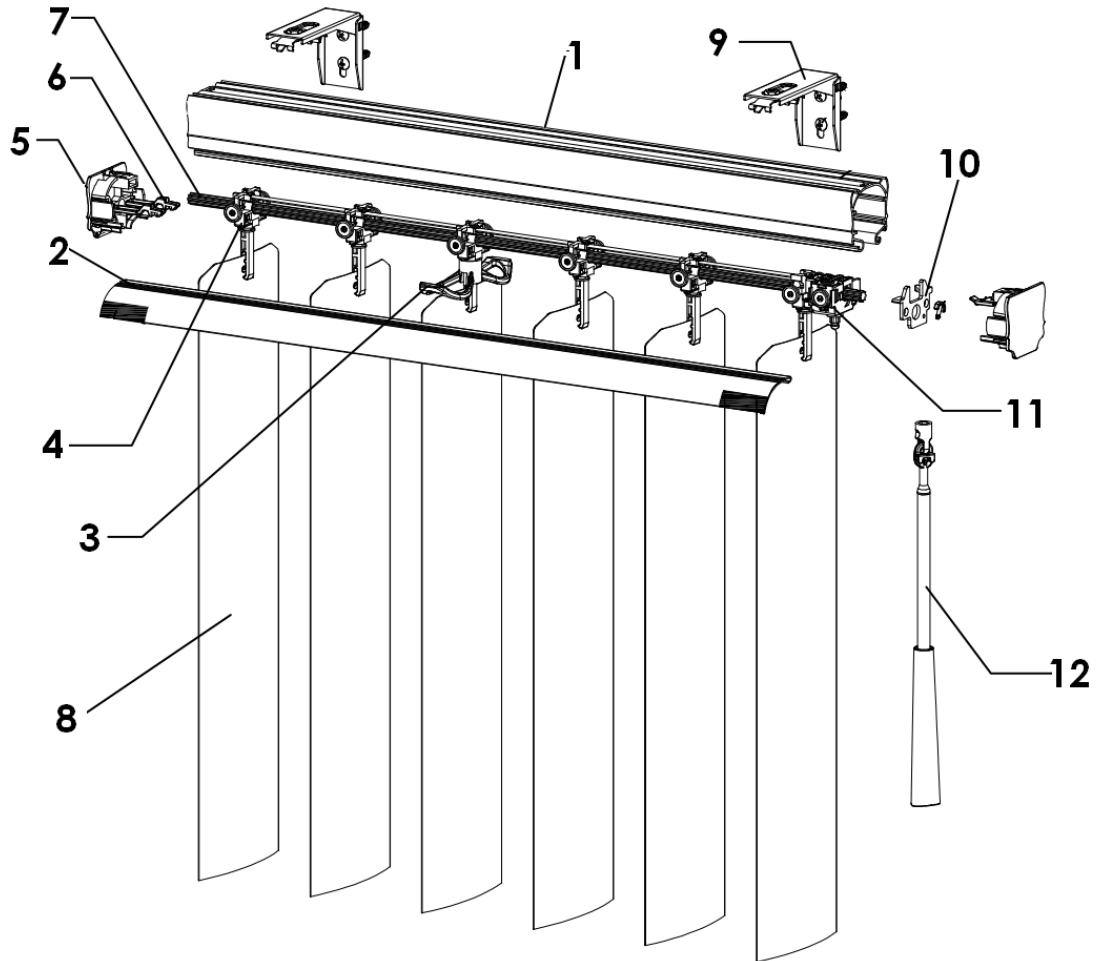

- The valance-free design is sleek, fashion forward and modern; eliminating the need for additional top treatments
- Patented headrail reduces installation time and ensures trouble-free performance
- Innovative light block feature adjusts as slats rotate open & close to block out more light
- Great for Inside Mount applications, offering fully flushed installation without need for additional light blocking valances
- Modern colors and textures enhance any room while providing reliable quality
- Cordless design is child/pet friendly
- Certified NFPA 701 for fire resistance
- Alternative S-Curved selection offers a tighter closure while adding an elegant drapery-like look
- Coordinate vertical and horizontal applications in select colors from SmartPrivacy™ Faux Wood Blinds

Terminology & Control System

Synchrony™ Vertical Blind Wand Tilt Control

| No. | Description | No. | Description |
|-----|---|-----|--------------------------------------|
| 1 | Aileron™ Headrail (Aluminum) | 7 | Tilt Rod |
| 2 | Privacy Flap | 8 | Vane |
| 3 | Carrier Linkage + Rotating Bracket Assembly | 9 | Installation L Bracket Assembly (OM) |
| 4 | Carrier Linkage System | 10 | Center Support (for larger blinds) |
| 5 | Headrail End Cap | 11 | Wand Tilting/Wand Control |
| 6 | End Cap Hook | 12 | Wand |

General Specifications

Size Limitations

| Single Blind | | |
|--------------|-------|--------|
| | Width | Height |
| Min | 18" | 36" |
| Max | 120" | 120" |

Standard Deductions

Inside Mount:

Finished Blind Width = Order Width – 3/8"

Finished Blind Height = Order Height – 3/16"

Tolerance:

Finished blind width (net) may vary $\pm 1/16$ "

Outside Mount:

No Deductions

Recommendation: Add 1 1/2" on all 4 sides (width and height) respectively to minimize light leakage.

Tolerance:

Finished blind height (net) may vary -1/8", and up to +1/4"

Control

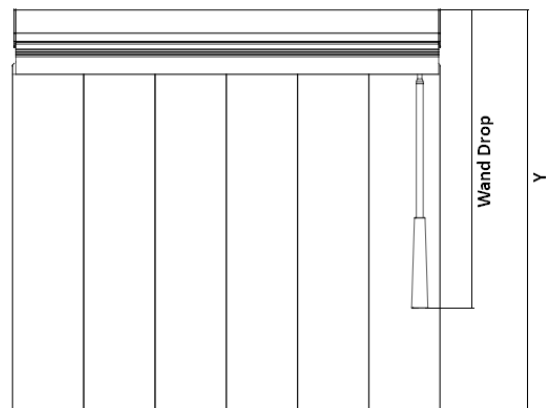

- Control System: Wand Tilt
- Location: Headrail is reversible upon installation (Left/Right)

Wand – Standard Drop Sizes

- The standard wand drop is measured from the top of the headrail to the bottom of the wand grip.
- There are 3 wand sizes available as the default, or as an option.
 - 34", 49" & 61"

| Blind Length (Y) | Wand Drop Size |
|--------------------|----------------|
| $Y \leq 84"$ | 34" |
| $84" < Y \leq 96"$ | 49" |
| $Y > 96"$ | 61" |

*wand drop tolerance: $\pm 1/2$ "

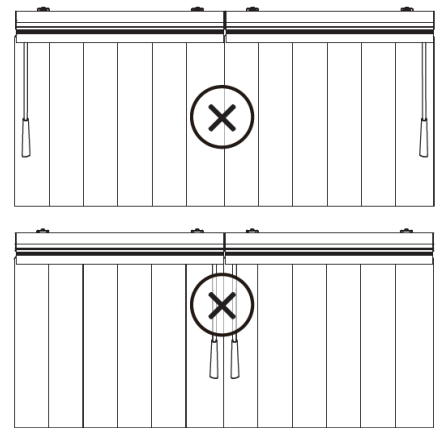

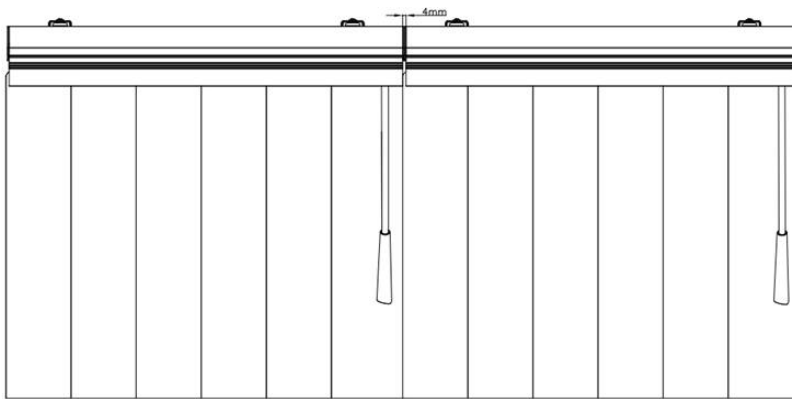

General Specifications

Side by Side

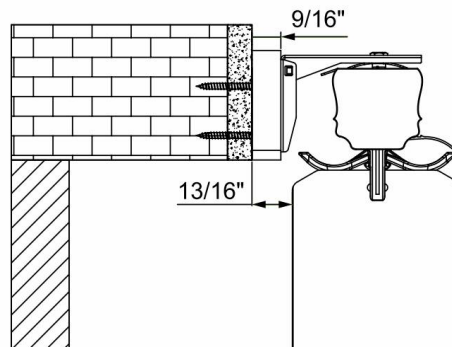

When butting two blinds together to reach the desired width, both blind must be installed with the same wand orientation. Both blinds should be stacked LL or RR. Do not butt a stacked left and stacked right together to create a center opening as the meeting vanes will interfere with each other during operation.

This is not an option in an order entry. Please order multiple single blinds with the same orientation to cover larger windows.

Aluminum Shims (Optional)

- Ideal for projecting the blind further out to provide adequate clearance when mounted above a trim or molding.
- If shims are required, we recommend ordering one shim for each installation bracket as a minimum.
- Available in white only

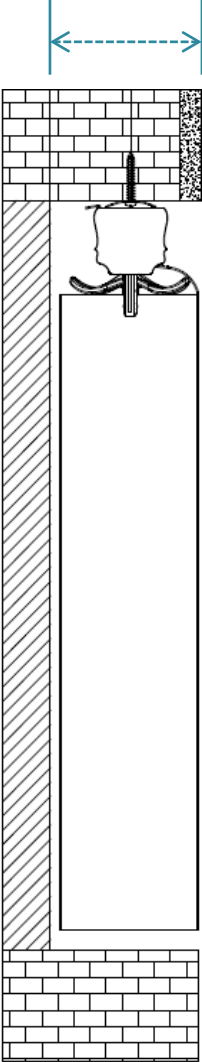

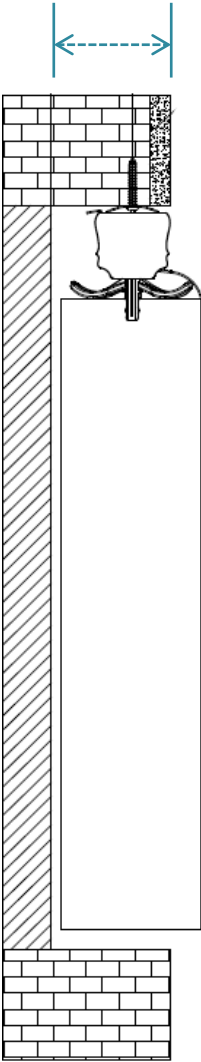

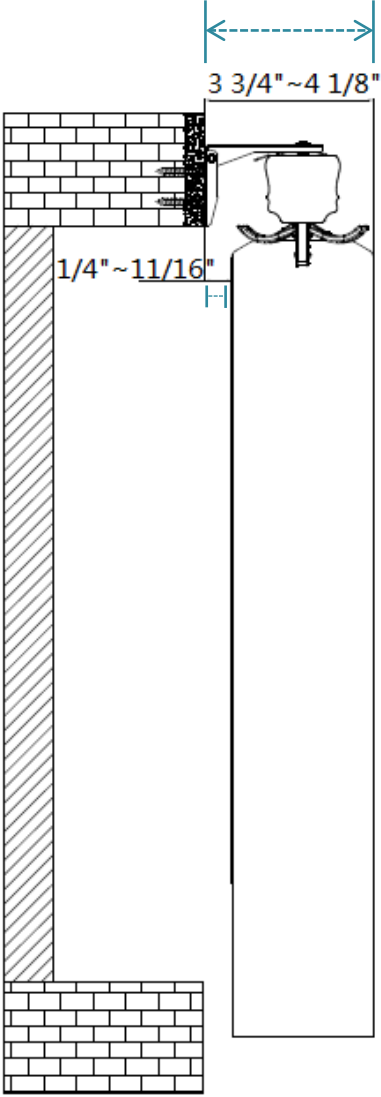

General Specifications

Even Spacing

For even spacing between slats, it is recommended to select from the following order widths. Other custom order widths are available but may result in slight overlap when the blind is closed. This table applies to OB blinds only.

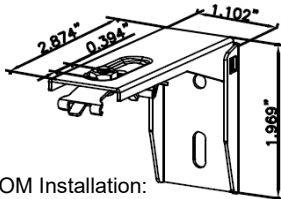

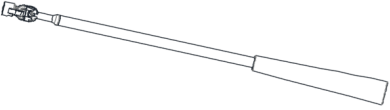

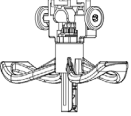

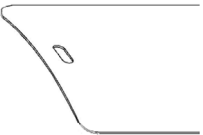

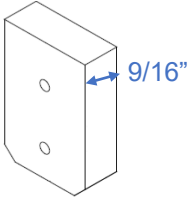

| Slat Qty | OB Blind Width (" |
|----------|-------------------|
| 6 | 19 1/4 |
| 7 | 22 3/8 |
| 8 | 25 1/2 |
| 9 | 28 3/4 |
| 10 | 31 7/8 |
| 11 | 35 1/8 |
| 12 | 38 1/4 |
| 13 | 41 1/2 |
| 14 | 44 5/8 |
| 15 | 47 7/8 |
| 16 | 51 |
| 17 | 54 1/8 |
| 18 | 57 3/8 |
| 19 | 60 1/2 |
| 20 | 63 5/8 |
| 21 | 66 7/8 |
| 22 | 70 |
| 23 | 73 1/4 |
| 24 | 76 3/8 |
| 25 | 79 5/8 |
| 26 | 82 3/4 |
| 27 | 85 7/8 |
| 28 | 89 1/8 |
| 29 | 92 1/4 |
| 30 | 95 1/2 |
| 31 | 98 5/8 |
| 32 | 101 3/4 |
| 33 | 105 |
| 34 | 108 1/8 |
| 35 | 111 3/8 |
| 36 | 114 1/2 |
| 37 | 117 3/4 |
| 38 | 120 |

Mounting Requirements & Stack Back

| Fully Flushed Inside Mount | Semi-Inside Mount | Outside Mount |
|---|---|---|
| <p>Min Mounting Depth: 3 3/4"</p>  | <p>Min Mounting Depth: 2 15/16"</p>  | <p>Total Projection: 3 3/4"~4 1/8"</p>  |

| Blind Width | Estimated Stacking Width |
|-------------|--------------------------|
| 20" | 2 13/16" |
| 36" | 5 3/16" |
| 47.875" | 6 5/8" |
| 66" | 9 7/16" |
| 78" | 11 5/16" |
| 104" | 15 1/8" |
| 120" | 17 1/2" |

Parts & Hardware

| Description | Drawing | Notes |
|--|--|---|
| Installation: L Brackets + Mounting Clip |   <p>IM Installation: Mounting Clip</p> <p>OM Installation: L Bracket with Mounting Clip</p> | The actual adjustable distance for L bracket installation is 0.394". |
| Center Support |  | Used to support headrail widths that are at least 78" or greater |
| Steel Wand |  | Auto-aligning design corrects misaligned louvers. |
| Carrier Stem with Rotating Bracket Assembly |  | Assists the rotating light block privacy flap |
| Aileron™ Headrail with Privacy Flap |  | Reversible, valance-free decorative headrail includes built-in light blockage feature |
| Vanes |   <p>Curved (Traditional) S-Curved</p> | Exclusive S-Curved Collection offers tighter closure and elegant drapery-like look |
| Aluminum Shim (Optional) |  | <ul style="list-style-type: none"> • Available for OM only • Option to stack for a thicker extension • Color: white. |

| Blind Width (X) | L Bracket / Mounting Clip Qty | #8*1 1/4" Screw Qty | |

| | | Driftwood | Neutral back | 3095 White |

*Select colors are also available in SmartPrivacy™ Faux Wood blinds.

**See next page for more info.

Additional Color Information

Hardware Color Coordination Override

The headrail, wand and other components will be provided in one of three default colors. White, Nature or Silver can also be selected as an option to override the default color coordination.

Color on Back

Some vanes are made with a neutral, white backing for a pleasant street side view, while others are produced with the same color on the front and back.

Classic, S-Curved, Sandblasted collections, and the **Pure White** color in all collections are the same color front and back.

All other collections will have a neutral back.

Product Care

Maintaining Synchrony™ Vertical Blinds

Routine cleaning will help maintain the beauty of your blinds.

Proper ways to clean Vertical Blinds:

- **Maintenance:** Use a cloth or duster to remove any light dust.
- **Deep Clean:** Use a damp cloth to wipe away additional buildup. Wrap cloth around vane starting from the top, working your way down to the bottom.
