WYMAN EMPIRE

IN STOCK DRAPERY FABRIC

We stock over 5000 sku's of fabric featuring colors and styles to fit every palette. Our high quality fabric lines are targeted specifically for the drapery and light weight upholstery market and is priced for the budget conscious, providing room for plenty of profit margin. In addition to our in house line of fabrics we are also proud to carry lines from Michael's Textiles, Kaslan, Master and Sunbrella Fabrics. Additionally we carry a large line of decorative Flame retardant fabrics for all of your commercial needs. All fabrics are sampled in standard fabric sample books or color cards and many are available at no charge.

IN STOCK TRIM, TASSELS AND TIEBACKS

We stock over 100 styles of trims and tassels in a wide array of colors and types that are sure to meet your needs. All trims are beautifully represented in one of our 20 easy to carry books that beautifully represent every style and color available. Each book is available for purchase between \$15 and \$25. With trims starting as low as \$2.25 a yard you are sure to find something for every budget.

IN STOCK DRAPERY HARDWARE

Kirsch and Graber hardware have long been industry standards in the world of drapery hardware. We stock all standard Kirsch and Graber drapery hardware and offer their full lines of special order hardware. Whether you need a standard traverse rod or a decorative wood pole, Wyman Empire can provide these products for you. For the those looking for a more unique style we offer the metal and wood rod lines from Décor hardware. For samples of any of these products contact your sales rep or customer service.

WYMAN EMPIRE

AVAILABLE PRODUCTS

SHOP COLLECTION ROLLER SHADES AND PANEL TRACKS

Our sun control roller shade program offers a wide array of style and color options great for both residential and commercial applications. To make any room a more comfortable environment, the light filtering qualities of sun control fabrics diffuse light, reduce glare, and help control interior temperatures. As these fabrics filter and diffuse light, they also help reduce the fading of textiles and interior furnishings. Sun control fabrics effectively provide energy efficient solutions by reducing the amount of solar heat gain. All roller shade materials are panel track style system that are great for patio door or pass through style applications. All material samples are available for \$50.

WOVEN WOODS

If you are looking for a modern elegant touch of warmth and decorative style than look no further than our Woven Woods program. Available in over 100 different colors and patterns you are sure to find a look that will add a touch of style to any space. Options include different lining material options, decorative cloth tapes, roman style, hobbled style, continuous cord loops, motorization and panel track systems. Products are sampled in an easy to carry sample kit available for \$60.

FINALE CUSTOM CORNICES, S SHAPED VERTICALS AND BLINDS

Are you searching for the perfect decorative topper for a window treatment, or a unique s-shaped wooden vertical, or maybe just the new faux or basswood blind, than the finale line of products can provide what you are looking for. Cornices are sampled in a 10 page color brochure available at no charge while the blinds and verticals are sample in a hand selector available for \$10.

NORMAN SHUTTERS

Norman shutters offers an attention to detail that no other shutter source can equal. They will truly create shutters that are truly "fine window furniture". The core of Norman Shutters remains innovation. Never content with the status quo, they continuously patent new frame styles and streamline processes to produce the finest shutters in the world. We are proud to be a full line distributor of all Norman Shutter products, featuring Woodlore, Woodbury, Brightwood, Normandy, Sussex and Amhurst shutters. All shutters lines are available in in easy to carry sample kits beautifully displaying all the color and frame options for each product. Norman also offers two sample carry bags featuring their "best sellers" Woodlore, Normandy and Sussex. For more information on how you can get involved with this program contact you sales representative today.

EXUS SHUTTERS

Exus shutters are made of 100% American Basswood and are a value that is too good to pass up. This affordable high quality collection features 12 exquisite paint colors and 18 of the most popular stain finishes on the market.

Custom colors are also available for a small surcharge. Specialty options such as Arches, French Door cutouts, Bypass and Bifold Tracks, Café style panels, Double Hung panels, Hidden Tilt, and introducing hidden hinges. Samples for this program feature all colors and frame styles in a beautiful leather case available for \$90. A Sample panel in a stain finish displaying both hidden tilt and hidden hinges options is also available.

CASLAN ROMAN SHADES

Where design is of the utmost importance, the Caslan Roman Shade collection provides the finishing touch on any room. These soft window shade treatments are often used to enrich the décor of common lobby areas, hotel bedrooms, and conference rooms. Residential projects are also an excellent application for roman shades. In addition to the obvious design elements, the Caslan Roman Shade product line acts as an excellent insulator, reducing heating and air conditioning cost. Light filtering and room darkening options provide privacy from the outside world. Choose from a large selection of fabrics that are sure to meet traditional, contemporary, and modern lifestyles. Sample books are available for \$75.

WYMAN EMPIRE PRODUCT

AVAILABLE PRODUCTS

1", 2" AND 2 1/2" HORIZONTAL BLINDS

Fauxwood, Basswood and metal horizontal blinds are distinguished by quality, craftsmanship and durability. These products are produced with the highest grade American basswood, metal and polycarbonate components. Additionally, all horizontal blinds are built on a roll-formed, heavy-duty steel headrail, which further increases their strength and stability. The operating components are secured inside the headrail by means of snap-in fittings. The cord lock incorporates a stainless steel wear guard and has a crash-resistant safety feature that locks the blind automatically once the lift cords are released. To provide smooth operation and tight slat closure, the cord tilter utilizes a steel gear housing, while the wand tilter option incorporates heavy duty components ensuring longevity. Samples are available at no charge.

CELLULAR SHADES

Cellular shades are a wonderful way to control light and liven up any room with a soft warm glow, while providing privacy. A large variety of light-filtering fabrics are available or block light and provide additional insulation with room darkening fabrics. The unique honeycomb cells block many of the sun's harmful rays and help protect furnishings from fading. The color selection ranges from quiet neutrals to delicate pastels. Spunlace light-filtering shade fabrics are unique cellular materials that are exceptionally soft-to-the-touch. Unlike other brands with a thin and stiff paper feel, Wyman's materials are bold spunlace and stylish point-bond shade fabrics or are high quality non-woven polyester that gently filter in natural light without sacrificing privacy.

VERTICAL BLINDS

Vertical blind window treatments provide a practical and attractive solution for controlling light and providing insulation in any room. They reflect solar heat and reduce air conditioning costs by minimizing heat transfer passed through windows. Wyman offers a complete line of solid, perforated, textured, and embossed PVC louver patterns as well as several of the best selling stitch bond fabrics. In addition to a wide array of colors and patterns, a variety of valance and control options are available. The PVC louver materials contain UV inhibitors and provide room-darkening capacity to block sunlight. Samples are available at no charge.

VIENNA SOFT SHADES

Vienna Soft shades sheers offer the perfect compliments to any home décor. Vienna fabrics feature the subtle beauty of a sheer drapery masterfully blended with the practicality and security of blinds. Vienna Soft Sheers are available in light filtering or room darkening fabric styles to best accommodate individual light control needs. Vienna is also offered in both 2" and 3" vane sizes, offering wide view-through on the window. Samples are available for \$90.

COMPANY INFORMATION

Since 1942, Wyman Empire has strived to provide high quality Window Treatments at an affordable price. With a focus on superior service and an expansive product line, Wyman Empire endeavors to provide window Covering solutions to fit every customers needs. Started in the Sacramento area as a family operated jobber of cut yardage fabric. Through various acquisitions and partnerships Wyman has grown to a nationwide supplier of a wide array of window coverings products.

We are often asked why the name Wyman Empire? Wyman was the last name of the original owners and through a purchase of Empire Fabrics in Colorado the company became known as Wyman Empire.

Wyman today continues to be operated as a family run and owned establishment, always looking for new products and keeping up with the design trends to provide you with the best product selection available. If you have any questions Wyman's professional in house customer service or territorial sales reps are ready to help you.
